

The City of Women

TASK 1

New Town Market Square

The New Town coat of arms, visible on the 19th-century well, features a maiden with a unicorn. What other animals can be spotted at the New Town Market Square? Walk around the Square, look around carefully and list them.

TASK 2

Old Town Market Square - Tenement House at no. 19

Go to Piwna Street and find three tondi on the façade of one of the townhouses. Look at them closely and draw the missing elements.

If you don't have a marker on you, find the differences!

**Do the female blabbermouths resemble three sisters from the tenement house at the Square?
How are they different?**

TASK 3

St. John's Archcathedral

Find the eight lights with mermaids on the door to the Archcathedral and take a close look at them—each one is different!

Recall the Warsaw legends you know and try to invent your own mermaid!

Link her with another legendary hero or heroine—along the lines of the images you see on the temple door.

Tell the others about your idea or draw it—it will be interesting to see if anyone can guess your inspiration!

Subsidized by the Museum of Polish History in Warsaw as part of the Patriotism of Tomorrow program.
